

Grasses

Comprehensive Plug & Liner Assortment

We have a comprehensive range of grasses and architectural varieties available in our perennial plugs and liners catalogue.

You can view this online at www.newey.com

Carex

Sedges are grass-like plants, mostly preferring sites with moist, rich soil. Their striking foliage provides year round interest and make wonderful companion plants in mixed container plantings.

buchananii

Red Rooster

comans

Frosted Curls

testacea

Prairie Fire

tenuissima

Pony Tails

Stipa

The Mexican Feather Grass is a terrific accent plant with a clump forming habit and tan coloured flowers in late summer. Drought tolerant once established.

australis

Green

Cordyline

Palm-like, evergreen shrub with sword-like arching leaves. Provides a great focal point as an architectural feature in the border.
