schoenoprasum

Chives

Allium

Forms a clump of erect, narrowly cylindrical, onion scented leaves with rounded umbels of light purple, bell shaped flowers which are attractive to bees.

basilicum

Bush

basilicum

Genovese Sweet Basil

Basil (Ocimum)

Basilicum bush is a bushy plant with ovate, glossy, bright green leaves and white spikes of flowers. Perfect for growing in containers on the patio, deck or balcony. Basil Sweet Genovese is the classic and has large, bright green crinkled leaves. Ideal for containers.

sativum

Santos

Coriander

Standard leaf variety suitable for early season production with an upright habit and wonderful flavour.

crispum

Curled Leaf

crispum

French

Parsley (Petroselinum)

Performs well in a container, drought tolerant. Suitable for both full sun and part sun environments. French parsley has the more vibrant flavour whilst curly parsley provides a more eye catching display in the garden.

Pepper

Sweet Pepper Mohawk is a compact dwarf plant, ideal for growing in containers, in the greenhouse or on a sunny patio outdoors. It produces a huge crop of small, block-shaped green fruits which ripen to bright yellow. Red Skin is a true dwarf bell pepper. The fruit turn from green to a brilliant red, ideal for the windowsill.

 126 tray 10, 14, 18 N Y

Our Chilli Peppers are ideal for growing on the patio or windowsill, with the Basket of Fire variety ideal for hanging baskets as well as containers.

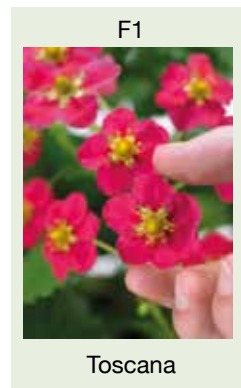

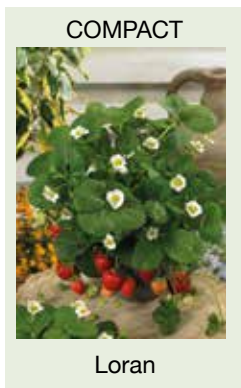

Strawberry

Hand picked varieties to suit different formats, selected for quality of flower, colour and fruit.

 84 tray 10, 14, 18 N Y

Compact and early to flower. White flowers with large fruit.

Delicious fruit and everbearing. Ideal for pots and containers.

Medium compact with large fruit and large pink flowers.

Vigorous with appleblossom flowers and aromatic fruit. Ideal in baskets.

Vigorous with vibrant red, sweet fruit. Ideal in baskets.

Tomato

Selected for taste and quality, suitable for growing in the greenhouse, outdoors or in baskets.

126 tray 10, 14, 18 N Y
